

Ministry Vision Plan (July 2020—2030)

Current Vision Model: Geographic Saturation

Current Vision Statement: We're a church with the desire to **Reproduce Authentic Christians** and win the Grove for Christ!

In the next 10 years, we dream of:

500 Baptisms & 3 New Church Plants

In order to reach this goal, we first have to accomplish these goals in the next 3 years:

<p>Goal #1:</p> <p>We double our number of life groups to 16 through engaging those not involved and encouraging invitations to the unchurched.</p>	<p>Goal #2:</p> <p>We develop a leadership pipeline in which all leaders are actively pursuing and training the next generation, preparing ourselves for growth and multiplication.</p>	<p>Goal #3:</p> <p>We will transform our communication to be simpler, social (more stories/examples), and vision-saturated.</p>	<p>Goal #4:</p> <p>We will have 75% of all members actively sharing their faith with unchurched people in CG through intentional actions.</p>
---	---	---	---

Our focus for the next year is:

20 Baptisms in 2020

In order to reach this goal, our four immediate steps are:

<p>90 Day Goal:</p> <p>We will continually emphasize our Make 1 More initiative, sharing relevant stories of success on a consistent basis (at least once a month.)</p>	<p>90 Day Goal:</p> <p>We will encourage current life groups to plan one event outside of normal weekly meetings for the purpose of doing life together.</p>	<p>90 Day Goal:</p> <p>We will increase the number of people active in small groups to 75% through personal invitations by group members.</p>	<p>90 Day Goal:</p> <p>We will develop community-minded events that emphasize meeting the needs of the community over the needs of the church.</p>
